BUILDERS ASSOCIATION OF METROPOLITAN PITTSBURGH
HOUSING EXCELLENCE AWARDS
A LETTER FROM OUR PRESIDENT

At the close of each year, the members of the Builders Association of Metropolitan Pittsburgh (BAMP) look forward to the annual Housing Excellence Awards for the best new home and home-improvement project of the year.

BAMP started the Housing Excellence Awards (HEA) in 1996 to showcase the outstanding craftsmanship of the building and remodeling professionals in the Pittsburgh area. As in year’s past, the categories included new housing as well as the best in home renovations with subcategories for Energy Efficient, Urban Projects, 55+ and Outdoor Living.

Entries are judged on their use of materials and space, interior and exterior design and if applicable, curb appeal. Additional criteria related to the specific category entered are also considered in judging the entries. For example, the renovation categories are judged upon the problem solving, innovation and craftsmanship to integrate the project with the current surroundings of the home where the renovation occurred.

For entry in the judging, all homes had to be built or remodeled by a member of BAMP and completed between 2020 and 2021. Each of the entries was judged individually within the categories in which submissions were made. The judges, all professionals and schooled in the residential construction and design trade, used their years of knowledge of working in the industry to review the entries and provide their best judgement in scoring.

We hope these projects will inspire you with fresh ideas and possibilities for your own home building or remodeling plans. Whether your project is a single-room remodel, a new addition or a newly built home, we wish you best success and beautiful outcomes.

ABOUT BAMP: BEST OF THE BEST

The Builders Association of Metropolitan Pittsburgh was formed in 1938 to protect and promote contractors’ interests, rights and voice. Since then, the non-profit trade organization has worked toward this goal through its advocacy of safe and affordable housing, educational and consumer awareness efforts and programs that recognize outstanding talent in the field. One such program is the prestigious Housing Excellence Awards. Throughout this section, readers will find BAMP’s 2021 HEA winners, offering inspiration to Pittsburgh-area residents interested in building or renovating a home.

For more information about BAMP, visit PghHomebuilders.com.
