GBU Life

► FOUNDED IN 1892 in Pittsburgh as the German Beneficial Union, GBU Life (GBU) emerged during a time of rapid growth and immigration. Like many fraternal benefit societies of the era, GBU offered support and community to newcomers seeking a better life. Over 133 years, GBU has endured market crashes, wars and pandemics to become one of the nation's largest fraternal benefit societies.

"Our success is rooted in agility and financial discipline," said CEO Bill Hunt. By focusing on the long-term well-being of our members, we've built a strong foundation for steady, sustainable growth."

Today, GBU is modernizing the fraternal model. "We're constantly finding new ways to connect our members and support the communities we serve," said Executive VP and CMO Lesley Mann. With over 70,000 members—many in the Pittsburgh area—GBU is expanding community initiatives and enhancing its life insurance and annuity offerings. "Everyone deserves the peace of mind that life insurance and annuities can provide," adds Mann. "At GBU, we deliver that protection along with the added value of community service and exclusive member benefits."
